to go back and warn any trains that might be coming along from the west on the same track. The railroad officials say that a block signal was also sot against following trains at a point and provided the same state of the stoppage, but this is denied by the engineer upon whom the blame for the wreck has been laid by some of the officials.

Joseph Kelly is the name of thir man. As is customary on the Pennsylvania Railroad, the fast train was running from Philadelphia to Jersey City with the mild and bagsage cars at the rear of the train. The heavy locomotive of the Pinney and the light postal car, telescoping it.

Justice Scott said: "It has been repeatedly held that a divorce will not be granted upon the uncorroborated evidence of private detectives. In the present case the only evidence of the defendant's guilt is the testimony of two persons, who, while they did not describe themselves as private detectives, obviously acted as such when they observed the occurrences to which they swore, and one of them admits that he acted under the instructions of the plaintiff's attorney. Healtate to Grant It. WILL SEE MORGAN AND BAER.

"Even assuming that all these witnesses testified to is true, I shoulr still hesitate to grant a decree. The case, as made by the evidence, is strongly earmarked with signs of collusion, or at least a willingness on the part of the defendant that evidence against him should be procured."

HURRIES HERE TO SEE OPERATORS?

President Mitchell and Local Leaders of Miners Start for New York After Receiving a Mysterious Message, but Refuse to Tell the Purpose of His Visit.

Seventy-five Local Assemblies Vote To-Day to Stand By Mitchell-Presence of Troops in Coal Region Fails to Cause Men to Return to Work.

WILKESBARRE, Pa., Oct. 8 .- President Mitchell and the three district Valley Railroad. They are due in New York at 8.38 o'clock to-night

Much interest was aroused by their sudden departure, of which no as he strike and at the moment that the local unions were voting to susta their leaders is taken to indicate that an important move is on foot.

Shortly after 2 o'clock Mr. Mitchell received a message by long distance phone from New York which immediately changed all his plans, and he hastily summoned the district presidents

He refused absolutely to say who he is going to see or what the object

It is rumored that notification had come from some of the operators that terms for settling the strike would again be discusseed in New York.

Nothing could be learned in the city this afternoon about the object of the hurried departure of the miners' leaders for New York. All person who are usually informed of Mr. Mitchell's movements professed ignoranof his coming and said they knew of no appointment for a meeting here.

They declare their intention to remain on strike until they gain their demands, express their loyalty to the union and reaffirm their allegiance to

Of seventy-five assemblies which had been received up to 2 this afternoon, not one was of doubtful tenor. All were firm an determined in tone. President Mitchell declares that this action on the part of the local organizations will prove to the American public that the presence of the soldiers will not make the strikers weaken.

ALL FIRM, SAYS MITCHELL.

The following official statement was issued from the coal strike headquarters at 1 o'clock this afternoon:

"At 12.30 P. M. fifty telegrams had been received from as many massneetings in various sections of the anthracite coal regions conveying the information that by unanimous vote of the men on strike, all of whom attended such meetings, it was resolved that the presence of the entire United States army in the anthracite coal regions would not induce the men to eturn to work until the demands of the Shamokin convention had been conceded, the strike declared off by a delegate convention of mine workers,

"Similar telegrams are constantly being received, and it is expected that every mining town will be heard from by 6 o'clock to-ngiht.

"Thus far the returns emphasize and substantiate the declarations of the officials of the miners' union made at Washington, that the strikers are not deterred from going to work through fear of bodily harm.

"At 7 o'clock to-night all telegrams will be submitted to the representsentatives of the press for their examination. JOHN MITCHELL." atives of the press for their examination.

TROOPS CHANGED MITCHELL'S PLANS.

An official of the Miners' Union said to-day that he had heard the renson for the sudden refusal of John Mitchell to accept the terms suggested by President Roosevelt looking toward ending the coal strike.

"Mr. Mitchell was about to give serious consideration to the proposal of President Roosevelt," said he, "when the precipitate haste of Gov. Stone in ordering out the entire State troops of Pennsylvania ended all that

"Mitchell, I am informed, at once notified the other members of
